

RPS® 75

Application: Residential / Commercial

A wide selection of nozzles, including standard and low angle, provides flexibility in system design.

K-Rain's patented reversing mechanism feature ensures continuous reverse and return. With a wide selection of standard and low angle nozzles, the RPS® 75 provides matched precipitation. It is a direct replacement for Hunter® PGP® rotors.

Easy Arc Setting

Arc Selection 40° to 360°
Adjust From Right Start
